WORK EXPERIENCE

3D Source — Senior Front-End Developer

Oct 2023 – Present | Warsaw, Poland

- Architect and build Angular and Three.js product configurators for ~30 enterprise projects on a shared 80,000-line codebase.
- Integrated real-time Unreal Engine pixel streaming for high-fidelity 3D rendering in the Angular front end.
- Authored and published 8 @3dsources npm packages: shared UI components, data loaders, and configurator APIs.
- Built an external iframe integration API with two-way interaction and strengthened core-module quality to 95% test coverage using Playwright and Vitest.

ITRex Group — Front-End Team Lead

Nov 2021 – Sep 2023 | Remote, US

- Led a 4-person frontend team across two flagship projects; shipped ~20 major features on a 2-week release cycle and mentored 2 developers.
- Owned React/Next.js frontend architecture for a sports-industry vendor-management platform, from schema design to Azure deployment.
- Delivered multi-language i18n with full LTR/RTL support, dynamic routing, responsive layouts, and hybrid iOS/Android WebView support.
- Partnered with management and third parties on performance and SEO; reviewed pull requests and owned feature estimates.

ITRex Group — Front-End Developer

Dec 2019 – Nov 2021 | Remote, US

- Delivered 4 key projects using React, Angular, and 8th Wall.
- Built a high-traffic Angular marketplace with RxJS and Material UI; owned architecture, AR asset display, testing, and Heroku deployment.

ADDITIONAL EXPERIENCE

HQSoftware — Full-Stack Web Developer

Nov 2018 – Dec 2019 | Remote, US
